STAT

Thank you for your letter of 5 October telling me of your plans to continue your research under a Guggenheim Fellowship.

Should anyone wish to ask me about your past association with the Agency and of your work in the field of intelligence, I should be glad to respond to such a request. I do not feel you should use my name as a reference because I have not had the opportunity to become familiar with the substance of your work to an extent which would properly impress the Committee of Selection.

Sincerely,
